

## Sackville School AQA GCSE Sociology - Year 10

### Research Methods in Sociology - student PLC

These are the topics you will be studying relating to research methods in Sociology. When you are asked to reflect on your learning, tick one of the boxes for each topic studied and write down any questions you have.

Topics	I am confident with this	I am OK with this	I struggled with this
1. Research design (stages of the research process)			
2. Practical, Ethical and Theoretical issues			
3. Sampling Methods			
4. Questionnaires			
5. Interviews			
6. Surveys			
7. Observations			
8. Case Studies			
9. The Census			
10. Longitudinal studies			
11. Qualitative vs Quantitative data			
12. Primary vs Secondary data			
13. Ethnography			
14. Experiments			
My personal learning target at the end of this topic (SMART):
