Dear Parent/Carer

A Level Language Textbook

As the exam board for the English language course at Sackville, AQA provide a student textbook for the course as well as an opportunity to access the textbook online via Cambridge Elevate. The textbook is an important resource for the course as a whole as it is used within lessons due to the high quality of its information, content and tasks. Therefore, the English department are offering an opportunity for students on the course to purchase a copy of the textbook directly from the school.

The cost of the textbook is £27.80. Purchasing the book will allow students to access the online edition, as well as annotate the text and take it home for revision purposes. Payment can be made via Scopay. Though we do recommend that students purchase the book outright, we are in a position to lend out copies of the book during lessons if the cost of the textbook cannot be met for whatever reason. However, it is worth noting that this won't allow a student to access the online version, nor can the textbooks be utilised off of the school site as they will need to be retained for future cohorts. If you would like to purchase the textbook, but cannot meet the immediate costs, please contact me at lbyrne@mysackville.co.uk and I will endeavour to support as best I can.

Yours sincerely

Mr L Byrne
Head of KS5 English
