Dear Parent/Carer

A Level Further Maths Course - Textbooks

As you are aware your child has opted to take a two year A level further maths course. As a result they are required to purchase resources for the course.

There are 8 textbooks that are required for the course. In the first year the textbooks are Pure Mathematics 1, Statistics and Mechanics 1, Pure Mathematics 2 and Statistics and Mechanics 2 and in the second year Further Pure 1, Further Pure 2, Further Statistics and Further Mechanics.

Due to the Covid-19 lockdown, we did not issue this letter prior to the start of the course and the students have already received the Pure Mathematics 1. We do however respectfully request prompt payment for the first four books by Friday 2nd October at the latest. The Year 2 books can be purchased after Easter and a letter will follow with details on how to purchase them.

The total cost of purchasing the first four books is £48.00. Payment should be made via the school online payment system.

There is also a requirement for students to purchase a calculator that has been recommended by the exam board Edexcel. There is a choice of two suitable calculators:

- (i) Casio Fx-991EX - an advanced scientific calculator to meet the demands of the new A level course at £20.00
- (ii) Casio FX9750G II Plus at £50.00

If you are entitled to a bursary, we will reimburse you the full cost of these resources.

Yours sincerely

Mr S Rahim
Head of Maths
