March 2020

Dear Parent/Carer

A Level Spanish Exam Preparation

With only twelve weeks to go until the first A level written papers, it is essential that all students of A level Spanish put together and start working on a study plan to prepare for these exams.

I will be issuing students with an exam preparation checklist this week and have also shared with them a schedule which includes teaching time, holiday and exam dates.

I strongly recommend that students buy the revision guide from Hodder Education on themes 3 and 4 (ISBN 978 5104 1675 8). This guide includes exam style tasks as well as grammar and vocabulary learning activities. Answers to the questions and the listening files are available online, allowing students to give themselves feedback on many of the activities. Students should already have the study guides for the year 12 modules as these were purchased last year.

I also highly recommend the literature study guide on the set text 'Como Agua para Chocolate', also published by Hodder (ISBN 9781471890109).

Please let me know if you have any queries about these resources or about preparation for the exams in general.

Yours sincerely

Ms J Lloyd
Leader of Spanish MFL
