

Sackville School

TOGETHER WE ACHIEVE

Families Bulletin

Monday 27 January to Friday 31 January 2025

HEADTEACHER'S MESSAGE

Dear Families

It has been a bit of a soggy week in parts but we ended the week with a really successful Higher Education Fair on Thursday evening. Students and families from Years 10-12 got to hear opening presentations around both Higher Education and Apprenticeships, before moving on through to the sportshall where over 35 exhibitors from higher education institutions up and down the country were available to talk 1:1 with our young people and their families.

We also had the next of our Information Evenings as part of our support programme for Year 11 last night. Where they heard key presentations from the Curriculum Leaders of English, maths and science.

If you missed the evening, you can find the slides and further information including the latest GCSE Subject and Academic Support Booklet available on the homepage of our website as seen in the image opposite.

These two evenings and resources are just a couple of many examples where by students, families and school working together, we can maximise our young people's chances of personal success.

On that note, I will leave you with a quote that we started the week with for our students around our focused value this week

Teamwork:

“The strength of the team is each individual member. The strength of each member is the team”.

Have a lovely weekend

Jo Meloni
Headteacher

Week: A

Timetable: 4 + 1

Hot Choc With The Head

I had the pleasure of having students from Angelou Community join me for Hot Chocolate on Thursday this week. Lexie, Lukas (year 7), Jess, Amelia and Bette (year 8), Gethin, Finley (year 9), Lilly, Bethany (year 10), Charlotte and Kye (year 11) were all nominated for modelling our school values, particularly those of Ambition, Integrity and Curiosity.

They were joined by two Sixth Form students from the Attenborough Community who have each shown fantastic hard work and engagement in their Economics A level.

Congratulations to them all.

Ms Jo Meloni
Headteacher

Notice Board

- **Year 9 Vaccinations** - Just a reminder the year 9 Meningitis vaccinations will be on Monday 3 February 2025. If you have not completed the consent form please find it here. If you have any concerns please contact the vaccination team on 01273 696011 ext 2043.
- **Book Fair** - The Book Fair will be visiting Sackville between Monday 17 and Thursday 20 March 2025 and will be in our LRC.
- **Team Turing needs your help** - As part of our community charity fundraising this half term we will be holding a Turing Treat Tombola on the last week before half term. We are asking for any donations of any sweet treats, crisps or confectionery in BLUE packaging that we can add to the tombola prizes. All money raised will go to Turing's chosen charity for this year which is St Catherine's Hospice. Thank you as always for your support.

- **Kings Centre's Big Sister Project** - the programme is designed for girls to help them get back into fitness once they reach their teenage years, it was designed to support girls to engage and find enjoyment in sports and activity. Big Sister is a free or discounted membership for girls aged 9-15. It includes unlimited swimming, racket sports, unlimited gym access during junior gym times (11-15 year olds), we move class Mondays at 3.45pm with a female instructor (11-15 year olds), free access to our places leisure app, virtual studio which includes the big sister channel. If you are interested and would like to find out more please contact Kings Centre on 01342 328616 or email us at enquirieskingscentre@pfpleisure.org
- **Pop Up Uniform Shop** - Dates that our uniform shop will attend Sackville can be found here on our [website](#).

<i>Monday 10th March 2025 - catch up session - prioritise core subjects</i>					

If you have any questions or concerns, please email the exam team - examsstaff@mysackville.co.uk.

Futures - Find It Out Thursday

This is a chance for students to explore different professions and learn from people that are in that industry.

Each week a different professional comes in to talk to students about the different aspects of their job, how they entered that industry, the skills and qualifications required and the different routes available to students thinking of joining that sector. Students have the opportunity to ask those in the know and get first hand information.

Students are able to sign up for one talk each half term so please encourage them to sign up using the google form shared with them and take advantage of this opportunity. [Link](#)

Time table for next half term

Next half term we are lucky enough to have the following people coming in to speak to students

- | | | |
|------------------|---|---|
| 30 January 2025 | - | The Army
Are you interested in finding out about all the opportunities that the Army has to offer? Did you know that the Army is one of the top Apprenticeship providers? |
| 6 February 2025 | - | Construction
Learn about the opportunities that are open to you in the construction industry. A representative from Morgan Sindal is coming in to explain what the construction industry encompasses and the huge range of roles that it covers . |
| 13 February 2025 | - | Engineering
Hamilton Jet are a local company that produces one of the most innovative and advanced marine propulsion system. Come and find out what opportunities could be for you. |

If you or someone you know would be willing to come in and speak to students about your profession, how you joined it, what qualifications and routes there are open to people. Hearing from people that are doing it day to day is invaluable to students while they explore options open to them. If you would be willing to come in and inspire the younger generation please contact Helen Smith on hsmith@sackvilleschool.org.uk.

This hands-on event is open to students aged 14 and over and offers a fantastic opportunity to experience life on a land-based campus. From getting up close with our animals to exploring the world of agriculture and environmental studies, this day is designed to inspire and inform students about the diverse and rewarding careers in the land-based industries.

Our sessions include: Agriculture, Animal Care, Blacksmithing, Equine, Furniture Making, Upholstery, Gardening and Landscaping (Horticulture) and Tree Surgery (Arboriculture)

CAREERS IN CONSERVATION

WHO WE ARE

Operation Wallacea has run biodiversity research expeditions for the last 30 years to a series of biodiversity hotspots worldwide. Since 1995 we have been helping university students from around the world gain valuable experience and get their hands dirty with real biodiversity research! We work with a network of over 200 academics leading cutting edge research projects that help to inform local conservation management strategies. Over the 30 years that Opwall have been running expeditions, volunteers have contributed to:

- the discovery of 81 species new to science
- published over 670+ academic papers in peer-review journals
- helped to create 6 Protected Areas and National Parks all over the world

Join our free talk on 27th January at 6pm to gain a comprehensive guide on the various routes into a career in wildlife conservation and the different jobs available in the sector:

The talk is a great chance to hear all about why you might want to consider a future in the field of wildlife conservation or research. If you're unsure of what you want to do. The talk will also cover the skills needed and how to go about getting as much experience as possible. After the short talk, we will open the floor to questions for our amazing panel of experts.

For more information on Operation Wallacea, you can visit the website at: opwall.com
You can also sign up for any other online talk at: opwall.com/free-webinar

Many thanks and we hope to see you soon!

Please use this [link](#) to book a ticket for 26th June

Homework In Science - Year 7 Students

Homework in Science for Y7-11 is now being set using an online platform called Carousel Learning. Your child's Science teacher(s) will be setting regular Carousel Learning homework, and may also set other homework in addition to this (e.g. past paper exam questions).

Your child will be set homework viewable on the MCAS and student app, with a link to click to take them through to their Carousel Learning homework task.

They do not require a username or password to access the website, they simply log in using their name.

Below is a guide on how best to support your child with getting the most from this platform. Please note we endeavour to leave a reasonable period of time between homework being set and due, but in some cases this may be less than a week, in which case the suggested schedule below will need to be shortened.

The QR code will take you to this website

 [Boost Your Memory and Improve Results: an intro...](#)

Five ways to support your child with their Carousel homework

Carousel is an online quizzing platform that we use for homework. Students have access to question and answer flashcards which they use independently to learn important knowledge and then complete a quiz to test their knowledge.

Flashcard revise → Take quiz → Student mark → Teacher mark

As time goes on, students will learn more and more in school. In order to make sure they don't forget all this information, Carousel uses evidence-based strategies to help strengthen their memories over the long term.

- 1** The best way to use Carousel is over time, not just all in one evening. Instead of doing all the work the night before it is due, make sure students do one short round of flashcards on one day, another round of flashcards on another day and the quiz on a third day. As much as possible, they should spread it out. For example:

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
Teacher sets homework	5-10 mins flashcards	10-15 mins flashcards	Quiz + mark	5-10 mins flashcards	Retake quiz	Homework due
- 2** When they are doing the flashcards, make sure they are speaking out or writing down their answers, rather than just thinking about it in their heads.
- 3** Ask them some questions from the flashcards and make sure that their answers are the same (or very similar to) the flashcard answers.
- 4** Mark their quiz with them and make sure they are being honest about what they got right and wrong.
- 5** Make sure that if they get less than 80% on the quiz, they go back to the flashcards first, and then retake the quiz.

Medication, Illness and Vaccines

Medication

To ensure that we continue to support students when they are unwell, we need to make sure our records are up-to-date. As a school we will continue to administer ad-hoc medication as per the consent slip you have completed. If you wish for this to change, please contact the relevant year team. Should your child be diagnosed with any new medical condition please contact us. In addition, should your child's medical condition change (i.e., they no longer need to use their inhaler) please contact their community team.

We will continue to provide the support and medical assistance you have already agreed to unless we hear from you.

Illness

In order to keep the more vulnerable members of our school community safe, a reminder to inform the school if your child contracts any of the following: Chickenpox, Shingles, Measles or Mumps. Please call the relevant community office, thank you in advance.

Vaccinations

Just a reminder of the following vaccination dates for this year as below:

Monday 3 February 2025 - Meningitis ACWY and Td/Pv for Year 9 (x2 vaccinations one in each arm)

Friday 11 July 2025 - HPV vaccination for Year 8

The consent will be online and details will be sent out 4-6 weeks prior to these dates. If you have any queries please contact the immunisation team on 01273 696011 ext 2043.

Lost Property

Please could you ensure that all items of school uniform, PE kits and pencil cases are labelled. This will make reuniting property a lot faster, easier and more successful.

We are trialling a new system to help get unlabelled lost property back to students, we have a google document that is updated regularly with any garments that find their way to the lost property, if you believe an item is something you are looking for, please

contact Mrs Hill (shill@sackvilleschool.org.uk).

[Lost Property Itinerary](#) - as of Friday 24 January 2025.

We advise that if students ever lose any uniform or property then they should visit their community office after they have checked with Mrs Hill if their property has been handed in.

If you are a parent or carer to a child or young person who needs some support with their mental health, you may not know where to start and may need some support of your own.

We at West Sussex Mind know how vital it is for people to talk and share their experiences, so we have started Peer Support drop-ins across the county, where you can meet our Parenting Team and other parents who can provide some much needed empathy and understanding.

The Parenting Support Service at West Sussex Mind has a lot to offer:

- Peer Support Groups- both during the day (in person) and in the evening (on-line)
- Monthly 'Expert by Experience' Guest Speaker Zoom evening sessions, covering topics such as Self-Harm, EBSA, Autism and mental health, Masking and more...
- 1d sessions with a Peer Support Worker
- Closed Facebook group; regular newsletters and access to training, e-learning and webinars (on the West Sussex Mind website).
- 5 week Parenting Mental Health Course

NEW  **FREE**

PARENTING MENTAL HEALTH COURSE

A 5 WEEK COURSE FOR PARENTS AND CARERS TO GAIN KNOWLEDGE AND UNDERSTANDING AROUND SUPPORTING CHILDREN & YOUNG PEOPLE'S MENTAL HEALTH, OFFERING A SAFE SPACE TO REFLECT AND FIND PEER SUPPORT.

TeamForge

TeamForge: Teamwork Through Gaming

What is TeamForge?

A pilot project developed by the SEND Commissioning Team West Sussex County Council and Quest Mentoring. It's designed for young people with Special Educational Needs and Disabilities (SEND), aged 13-18. All sessions promote teamwork in a fun way.

There will be two pilot projects, the first starts in the week beginning 13th of January 2025 and the second starts in the week beginning 21st of April. In these 12 week pilots participants will play Valheim, a Viking-themed online game. They will play with other young people and take part in workshops and develop teamwork skills.

How TeamForge Works

1. We promote the benefits with community organisations and parents/carers. We invite young people with SEND aged 13 - 18 to join TeamForge. Through applications and selection we ensure the right mix of committed participants, with an appropriate gaming setup, who are available two evenings a week.
2. Upon successful application, parents and carers will be sent a range of information: a project overview, a timeline, tech setup guides, an online safety guide and links to the Skills Builder Teamwork benchmarking. All designed to help prepare participants.
3. The first week starts with an online introduction webinar and Q & A as well as a tech support session. Weeks 2 through to 11 each contain a skills workshop and a gaming session both led by professional mentors. The project culminates in week 12 with a fun in-person activity. These two sessions will start at 6pm on two evenings a week.

What are the benefits?

TeamForge helps young people gain confidence, work effectively in teams, and develop life skills. TeamForge offers a unique opportunity for growth.

Get Involved!

TeamForge has achieved Skills Builder Impact Level 4. Visit www.questmentoring/teamforge to apply and get more information.

Tackle loneliness head on

Building Connections is an NSPCC service that empowers young people experiencing loneliness.

Building Connections

An NSPCC service

Want to get an online nude taken down?

Report Remove

Having your nudes shared can feel scary. But it's not your fault. Report Remove could help you confidentially remove them from the internet.

Many young people said they didn't feel equipped to cope with loneliness.

- The service has been created for young people up to the age of 19 who are experiencing loneliness.
- Across 11 online sessions, young people work through a seven-step programme with a befriender.
- Each Building Connections session gives young people tools that'll help them find a way through loneliness.

Hi, I'm Michelle

"Whether a young person feels confident sharing their experience of loneliness or finds it more difficult to open up, that's okay. We're here to support them. Each session will help them find tools and build resilience to cope with loneliness."

Michelle, Building Connections Befriender

Build SUPPORT. Build CONFIDENCE. Build CONNECTIONS.
