Dear Families

Key Stage 3 PE Knowledge Checks

I wanted to write to you to inform you of how the PE department will be setting compulsory knowledge checks for our students in years 7, 8 and 9 to complete at home.

The nature of these knowledge checks will be a 20 question quiz based on the activities they have been undertaking over the previous term. Each student will be quizzed 2-3 times a year and the information will be used to assist us when providing monitoring grades.

The details regarding the quiz will be placed on Bromcom and Google Classroom to ensure that everyone is aware of the homework and the students can access it. The quizzes will be placed on Carousel which simply require the student to enter their name to log in.

These knowledge checkers within PE are part of a whole school assessment framework which will require all students in Key Stage 3 to be assessed within each subject area. Please continue to monitor Bromcom for PE knowledge checkers, we would then be grateful if you could support your child in completing them via Google classroom

Any questions regarding this please feel free to contact me at jendersby@sackvilleschool.org.uk

Yours sincerely

Jake Endersby
