

09 October 2024

Dear Families

We are excited to start the Year 11 journey with the students having settled really well over the first week of term. With only around 130 school days left to go until the exams start we know that this year will go very quickly.

We have lots of support that will be on offer throughout and we will write to you in the coming weeks with our first newsletter for the year group so you can know what to expect.

Firstly, we want to offer you the chance to kick start the revision process with all the information you need in one place. We are able to secure a significant reduction in price (usually around 50%) from CGP for revision guides and would like to pass this saving to families as we know you will be looking to purchase these.

Please see below a table showing the recommended guide for your child's subjects. You will be able to log into your MCAS account, select the books that you wish to purchase and make the payment. We will then place a large order and distribute them to the students in school.

If you are unsure as to which books your child needs, please email their teachers who can advise you.

Please remember that if your child is eligible for the Pupil Premium government grant, we can use that to pay for these items. You will receive a separate message about this soon.

We hope you find this useful and please do let us know if you need any financial support with these guides. We will always try and support families as best we can.

Yours sincerely

Mr Pete Cowlin

**Deputy Headteacher**
