

Sackville School

Welcome  
to  
Science

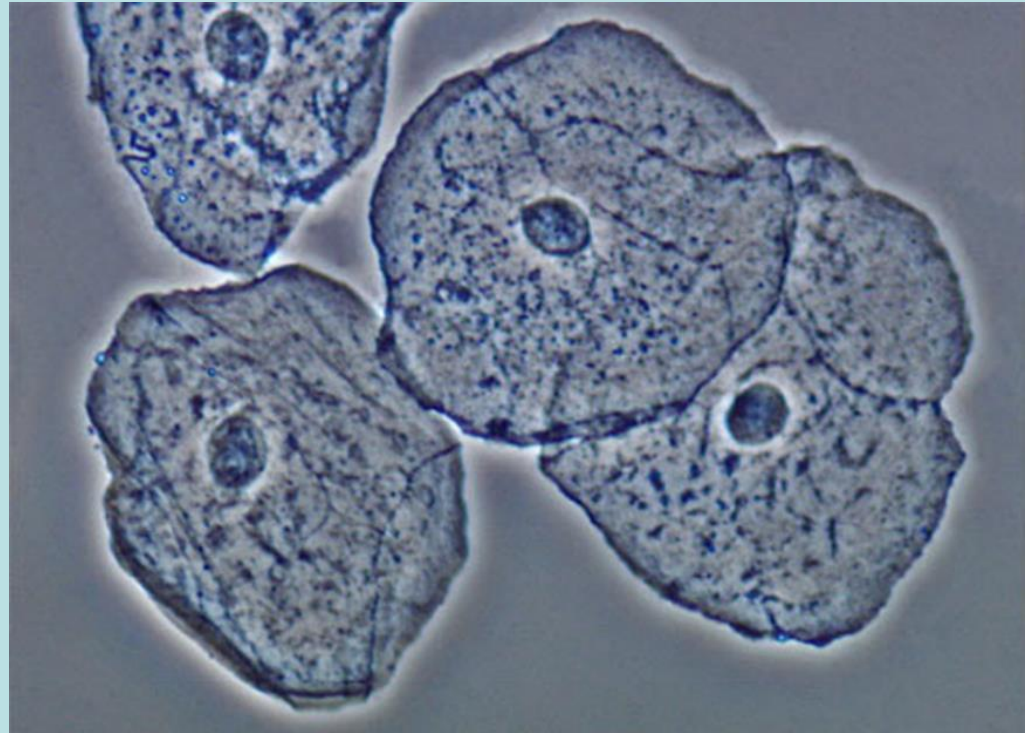

# What are we teaching?

- Year 7

3 lessons per week

Different units in Biology, Chemistry and Physics

# The Cell

# The States of Matter

# Space

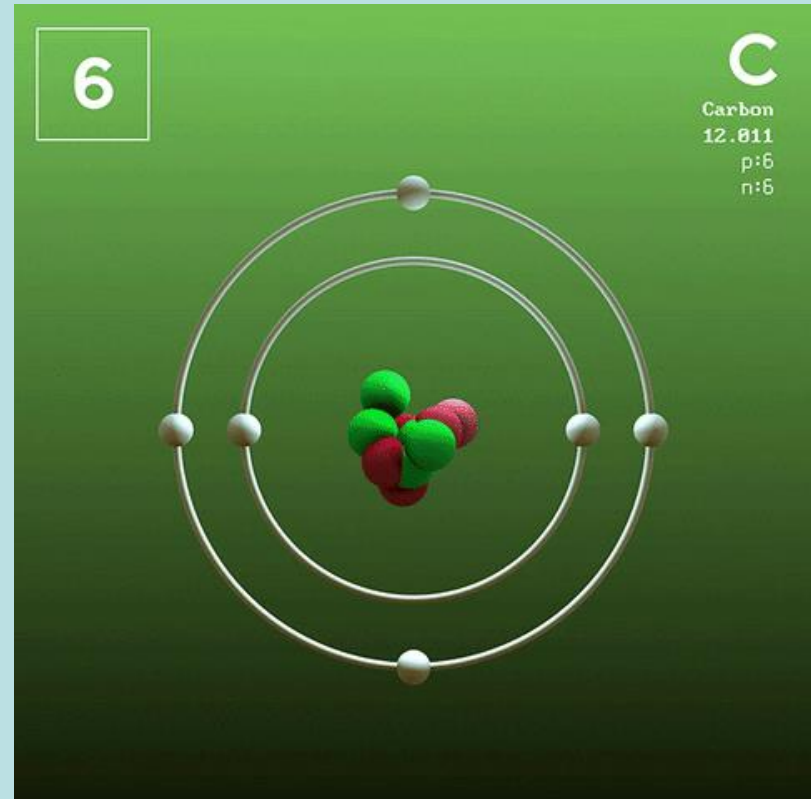

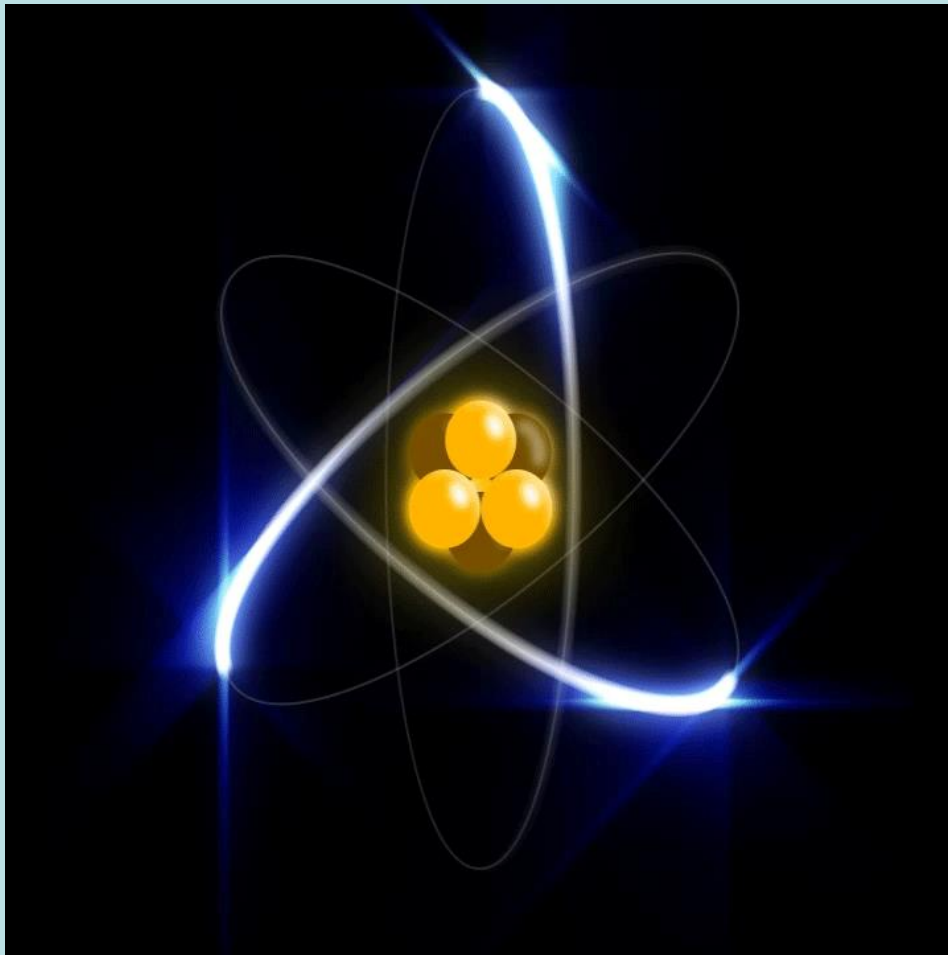

# Energy

# Atoms, elements and compounds

# Reproduction

## Common Household Acids & Bases

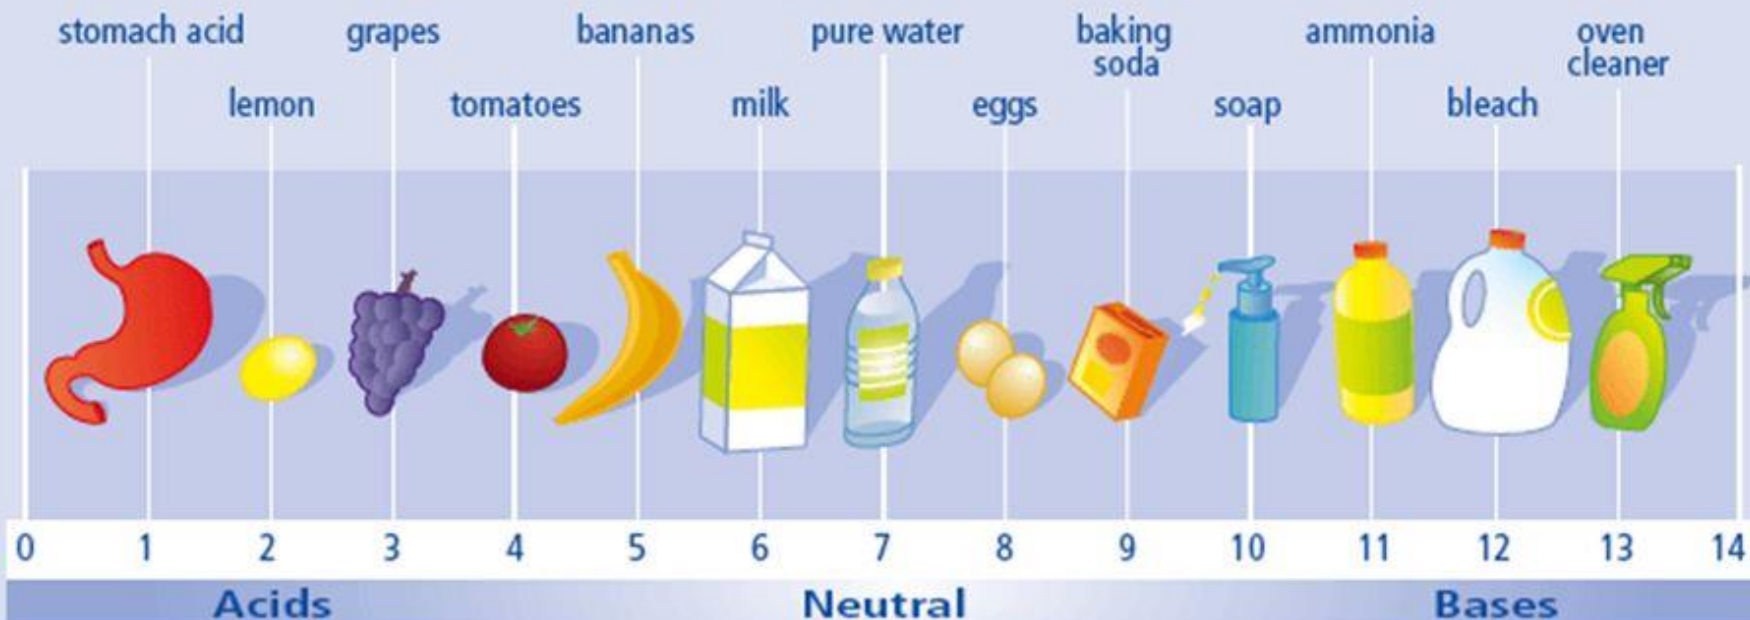

Acids

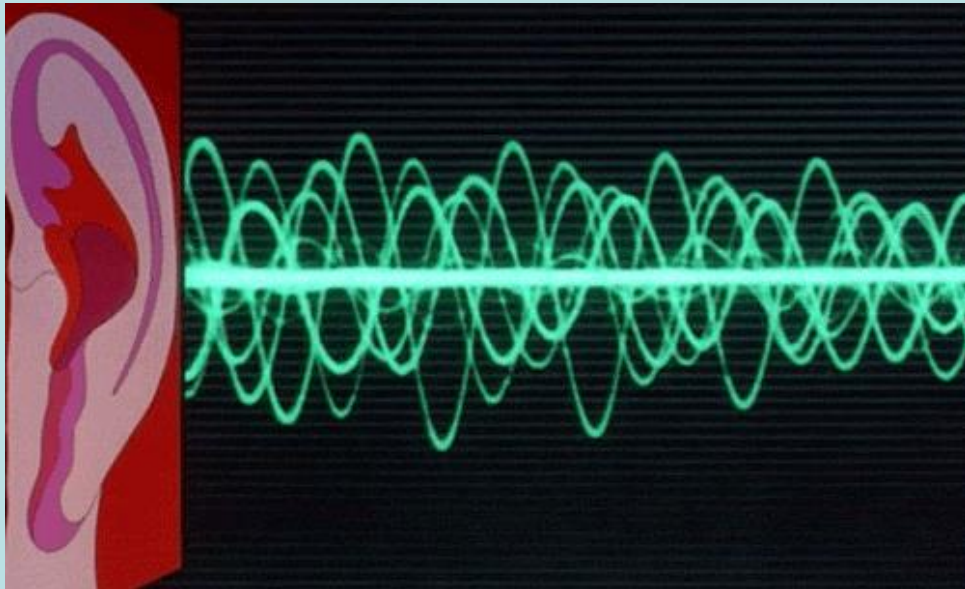

Bases

# Acids and Bases

# Waves

# Genetics and Variation

# What are we teaching them?

Resources can be found on the VLE to help out with extra information

BBC Bitesize KS3 is also very useful

# Homework and Assessment

- Supporting homeworks
- Approx. 1 week to complete
- Spend 30 minutes on it
- Show My Homework
- Baseline test (to give us an indication of ability across the board)
- 3 termly tests to improve longer term memory

# Google Classroom and Show My Homework

- To access students must be logged into their school Google account;
- then they can use “log in” with Google and then they won’t need passwords;
- You and your child should have received an email from the school detailing how to do this

# Google Classroom

# How can you help?

- Fully equipped – including a pen and calculator!
- Check SMHW - to support with homework , key test dates/ deadlines
- Ask questions about topics
- Look at online resources with your son or daughter!

# Extra-curricular Opportunities

## Science Club

- Mondays at 2.40pm in A25
- Fun and Educational
- Hands on!

## Observatory Open Evenings

- Leading Space School
- View the stars through the Sackville telescopes
- (Bring a telescope if you have one!)
- Dates on website and the Facebook page “Sackville Observatory”

# Over to you!

- Any Questions?

# Sackville School

# Welcome to Science
