

Opportunities within Civil Engineering

As a progressive and successful business, delivering Structural and Civil Engineering services across London and the Southeast for over 40 years, Tully De'Ath are keen to talk with exciting A-Level candidates interested in furthering a career in the Construction Industry.

With a proven track record of engaging with school leavers we have sponsored employees through Day Release Courses including ONC, HNC, BEng and MEng from London's top Colleges and Universities. All whilst gaining invaluable hands-on experience working within a well-respected, employee focused practice of 35 staff, utilising the latest design and detailing software in 3D environments.

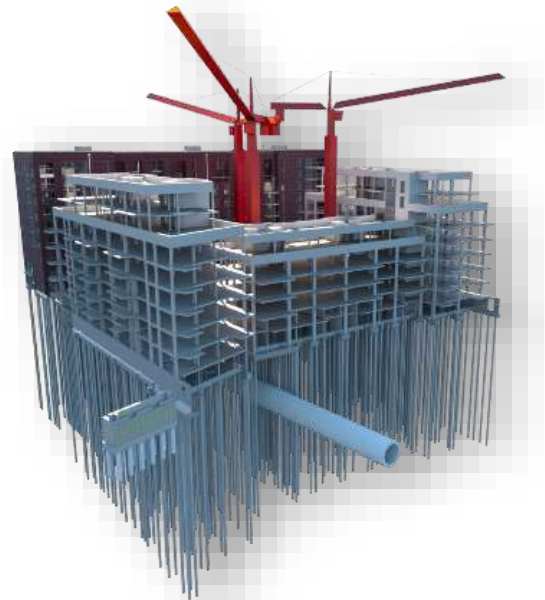

“We are a people company; we build around you”

The position would provide the opportunity to further a career in Civil Engineering, working alongside Senior Engineers with 1-1 guidance, and their teams to deliver schemes from £1m to £100m in value.

Along with sponsored attendance of an Engineering Day Release course at a suitable location, there are opportunities to become part of ICE or IStructE.

“Tully De'Ath operates like a family. It's a caring, supportive environment. This feeling translates into genuine care for the work you do”

If a career in Structural or Civil Engineering is of interest, please contact our Practice Manager; Sharon Braidwood at recruitment@tullydeath.com, or **01342 828 000** to arrange a meeting with our senior team to discuss in person with one of our current trainees.

TULLY DE'ATH (CONSULTANTS) LTD in Forest Row have a vacancy for a Trainee Technician

Interest in Civil Engineering
Starting date of Summer 2022
