

June 2022

Dear Parent/Carer

Year 10 Curriculum Enhancement Week 2022 – Final Arrangements

As Curriculum Enhancement Week is fast approaching it is a good opportunity to give you the final details of the week.

As a reminder, the programme for year 10 in 2022 is as follows:

Monday 18th July	Tuesday 19th July	Wednesday 20th July
Futures Day and “Meet the professionals”	STEM in sport	Thorpe Park or Students staying onsite will take part in the Samsung Next-Gen competition with chances of winning some major prizes.

Uniform does not need to be worn during Curriculum Enhancement Week.

On Monday students will be taking part in a Futures Day, topics covered will include:

- developing your personal ‘brand’
- filling in job applications and personal statements
- interview skills
- group problem-solving tasks

These are areas where employers regularly say young people are under-prepared and we feel this day will provide students with the experience needed when seeking employment and understanding employers' needs. In the afternoon, students will have the opportunity to speak with a range of different employers at our meet the professional's event.

On Tuesday, students will also take part in some sporting activities such as running and jumping when learning about the effects of STEM in sports. For this they can change into their PE kit, or they could come in clothes which allow them to engage in these activities without changing.

Those students traveling to Thorpe Park will need to arrive at school for **7.15am** as the transport will be departing at 7.30am. We plan to return to school between **6.45pm and 7.15pm**, allowing for traffic.

Insurance for all school trips is arranged through West Sussex County Council. Full details of the policy can be found on our website [here](#). **Peanuts or peanut related products are not allowed to be taken on any school visit.**

Those students who are remaining at Sackville should arrive to school at the normal time. They will have an exciting opportunity to enter the Samsung Next-Gen Design and Innovation competition with the chance of winning some major prizes.

Currently, Thursday is planned as a normal teaching day and students will need to be in correct school uniform on this day.

Yours sincerely

Mr C Thompson
Leader of Year 10
