Dear Families

Year 10 Hospitality and Catering Equipment

Your child has chosen to study Hospitality and Catering this year. They will be cooking complex dishes and therefore will be required to supply some of their own equipment. The dishes have been designed in accordance with the exam board and will need to be practised prior to the commencement of Unit 2 coursework.

The practical lessons will be scheduled on the MCAS app a week in advance. Please ensure your child has the correct equipment and ingredients. These may be adapted for allergies and taste, as long as there has been a consultation with the member of staff in charge of the group.

It is expected that your child will arrive on time to lessons and be equipped with a pen for writing. If students are absent for the demonstration lesson it is still expected that they will take part in the practical lesson as the recipe will be on MCAS.

Your child will be given a recipe book at the start of term. It is their responsibility to hand it to the person who does the shopping at home. It will also be available to download from Google Classroom.
