November 2014

Dear Parent/Carer

You may remember I wrote to you last year regarding the purchase of revision guides and workbooks for GCSE Science. In response to positive feedback from parents and students, we are again offering the opportunity to buy a guide through the school. In this way, students receive a brand new book in which they can write additional notes or information.

We are offering books at the discounted rate negotiated by the school. Therefore, instead of the usual £5.95 each, students will receive a guide **for just £2.75**.

If you would like to take advantage of this opportunity, please return the reply slip with payment in an envelope to the finance office. Alternatively, you can now pay online via the school website.

If you are unable to meet the cost of the book, please do not hesitate to contact me in confidence so we can provide a school copy for the duration of the course. My email address is sbush@wsgfl.org.uk.

Yours sincerely

Mr S Bush
Curriculum Leader of Science

To: Finance office

Name _____ Science Set _____

Please supply an applied science revision guide.
Cash/a cheque made payable to Sackville School is enclosed/
I have paid online
(please delete as appropriate)
