Dear Parent/Carer

## Revision Guides

As students have now made good progress through their GCSE courses the maths department would like to offer the chance to purchase a workbook and revision guide to aid with revision.

CGP offer both a workbook and a revision guide, which the school are able to offer at reduced prices. The revision guide contains notes and examples of each topic and the workbook provides practice questions. These resources are available at both foundation tier (covering grades 1 – 5) and higher tier (covering grades 4 – 9). If your child is unsure which tier is the most appropriate for them then they should ask their maths teacher.

The cost of the workbook and revision guide is £6.00 in total. We do not sell them separately. If you would like to purchase a revision guide and workbook payment may be made via SCOPAY.

Please remember that if your child is eligible for the Pupil Premium Government grant we will use that to pay for the full cost of the Revision Guide and Workbook.
