Dear Parent/Carer

A Level Literature Textbook

As the exam board for the English literature course at Sackville, AQA have produced a textbook for the students to use. The textbook is an important resource for the course as a whole as it is used within lessons due to the high quality of its information, content and tasks. Therefore, it is recommended that the textbook is purchased to support learning both in and out of the classroom.

The textbook will need to be purchased from Amazon or other reputable book websites. It is also possible that the textbook could be available second hand through sites such as eBay or Abebooks.

[A/AS Level English Literature A for AQA Student Book \(A Level \(AS\) English Literature AQA\): Amazon.co.uk: Carey, Russell, Fairhall, Anne, Rank, Tom, Giovanelli, Marcello: 9781107467927: Books](https://www.amazon.co.uk/dp/9781107467927)

Though we do recommend that students purchase the book outright, we are in a position to lend out copies during lessons for the time being. However, it is worth noting that the textbooks can't be taken away as they will need to be used for other students. If you would like to purchase the textbook, but cannot meet the immediate costs, please contact me at lbyrne@mysackville.co.uk and I will endeavour to support as best I can.

Yours sincerely

Mr L Byrne
Head of KS5 English
