

23 March 2023

Dear Parent/Carer

## Representation at County Level or Equivalent in Sport

Sackville school like to recognise the sporting achievements of students who have made representation at county level or equivalent, in any sport. This is done in the form of recognition boards around the school with your child's name, school year and sport they have excelled in.

With this in mind, if your child is in **year 9 or above**, please could you advise me if you think they may qualify for this award and let me have the details **by Friday 21 April 2023**. Please note that if your child has already received this award in previous years they will not receive it again as it is a 'one time only' award.

When responding please email me at [djohnson@sackvilleschool.org.uk](mailto:djohnson@sackvilleschool.org.uk) providing the name of your child, their form group, the sport they are participating in and any further information you feel is necessary.

Yours sincerely

Mr D Johnson  
PE Technician
