October 2016

Dear Parent/Carer

I would like to invite you to an information evening surrounding e-safety issues that children face in the ever changing digital landscape. The internet is an amazing resource which enables young people to connect, communicate and be creative in a number of different ways, on a range of devices. However, the internet is always changing, and being able to keep up to date with your children's use of technology can be a challenge.

You may sometimes feel that your children have better technical skills than you do; however children and young people still need advice and protection when it comes to managing their lives online!

Below is an outline of some of the topics we will be discussing during the evening:

- Cyberbullying
- Online reputation
- Computer games
- Sexting
- Social networking

The information evening will be on Thursday 17<sup>th</sup> November 2016 between 5.30pm and 7.00pm in the main hall. There will be some light refreshments available at the start of the session.

If you would like to attend the evening please complete the reply slip below.

Yours sincerely

Mr James Lea
